REPORT OF TRUSTEES OF G. H. STOWELL LIBRARY

To The Citizens of Cornish:

Library activities for the year just ended have been varied.
Plans other than for book-distribution, made and looked forward

to completing by the board of trustees, have been carried out.

The much-needed re-decorating project was satisfactorily accomplished and at the moderate cost of \$209. The interior of the building was completely refinished and the exterior wood work repainted. The building now presents as fresh and attractive an appearance as when first constructed.

The attic, used for storage, has been cleaned, unimportant magazines and papers that had accumulated there, being bundled and tied to sell as waste paper. A box of worn and discarded juvenile books were sent to the Claremont General hospital for the use of small patients. The trustees are indebted to Mr. D. C. Wood for giving his assistance in the above project, also to the librarian, Mrs. Dean, who gave her time in assisting.

Under the direction of Mrs. Dean, the janitor has given the cellar a much-needed clean-up.

In June the trustees were hostesses to a group of librarians who conducted a district meeting in the library. Miss Annabell and Miss Pratt, members of the New Hampshire State Library Commission, were present.

In July Mrs. Lovejoy, trustee and librarian, left town to reside elsewhere. Mrs. Abbie Dean, who had occasionally acted as substitute librarian, was secured to fill the vacancy and has given good service as librarian.

The town is most fortunate in having a resident, Miss Cora Gaines, who at a very moderate price, gives trained skill in minor book-repairs. We owe her appreciation for her generous assistance in this work.

The trustees extend their thanks for gifts from Mrs. Robert Barrett, Mrs. Farwell, Rev. W. N. Reynolds, Atlantic Monthly, American Liberty League, Chemical Foundation, and Mrs. Bugbee.

Magazine circulation is steadily increasing. Reader's Digest is much in demand and Magazines contributed by Mrs. Charles Weld and Mrs. B. E. Huggins have been widely read.

The following statistics give in detail the year's circulation of books and magazines:

Total number of visitors	1,706
Books loaned at library	3,922
Books loaned to schools	547
Books loaned to branch	50
Books loaned to South Cornish neighborhood	113
Books loaned to C.C.C. Camp	100
Magazine Circulation	205

Respectfully Submitted,

BOARD OF TRUSTEES,

ESTHER K. BUGBEE, Secretary.

Superintendent's Report

To the Cornish School Board:

I hereby submit my fourth annual report as your superintendent of schools.

I believe that the present arrangement of your elementary schools has increased the opportunities of the pupils and decreased the cost to the district. In 1933-1934 you had nine schools with eight grades each. In 1934-1935 you used transportation to unite six of them into four schools with four grades in each. The schools at Dingleton Hill, Tracy and Center are not well situated to follow such a plan. The advantages from having the upper and the lower grades in separate schools are many.

Mrs. Ethel Johnson continues her work at the City School, Mrs. Winifred Barton at the South School, and Mrs. Marjorie Kidder at Dingleton Hill School. Miss Clarice Zanes was given the Flat School and Mr. Donald Frizzell the Chadbourne School. Two new teachers were added to the force, Miss Sigrid Christianson at the Center and Miss Esther Ames at Tracy. Both are normal graduates and experienced teachers.

Sickness has caused a large per cent of absentees among the pupils this year. There are few things more discouraging to a teacher than to have her pupils irregular in attendance, and irregularity places the pupil at a great disadvantage in the school work. In spite of this the teachers have been serious about their work and excellent progress is being made by the majority of the pupils.

Electric lights have been installed in the Tracy, South, and Chadbourne Schools. They are a help to the pupils and teachers on dark days, and make the schools more pleasant for evening gatherings.

I look forward to the time when each of your schools will have electric lights, window lighting only from the left side and back of each class-room, chemical toilets, and ample school grounds.

Through the kind gift from Mrs. Robert Barrett your children have had warm dishes during the cold months. Mrs. Brown administered this fund that it might do the most good. Mrs. Johnson and the pupils at the City added to their fund with the proceeds of an entertainment. I appreciate the help of all those

who have interested themselves in this cause.

Mr. Leland Powers has offered land for a playground at the City School. This will be a valuable addition to that school. Mrs. Barton's children have raised money by having parties. This money is to be used to improve the grounds and play apparatus at the South School. The citizens of the Tracy District have maintained playground swings for a number of years. The Stowell Free Library has furnished the schools with many valuable books and helps.

The generosity of those who give of their time and funds to help school projects bring to the children many of the finer things of childhood which the tax-payer cannot rightfully furnish them.

I appreciate the loyalty and help from the Cornish School Board and the teachers and the many kindnesses from the citizens of Cornish.

Respectfully submitted,

WALTER L. MASON.
